JOIN US TO INCREASE THE VISIBILITY OF
FEMALE SCIENTISTS ON WIKIPEDIA

11 FEB 2021 | 2 - 4 PM CET |

Female scientists are not only underrepresented in STEM; female role models are also less visible. Only 16% of scientists' biography's on Wikipedia are about women and only 15-20% of Wikipedia editors identify as female or non binary. We invite everyone to join us for this informal event and change that together!
